SIR,

With reference to your no 7 of 9th inst. I have the honour to state as follows:—

2 In the case of an order letter no 233 of 29th Dec 1915 he put down Rs 1742-2-6 as the share to be paid by this Taluka Local Board for the construction of the Attimattur road; the Assistant collector in his no 465 of 29th February comm-communicated that Rs 142-8- should be paid by this Board for the acquisition of

lands, required for this road; the
total amount thus came to Rs 1884-10-6.
of this amount - Rs 1533-5-4 were
already paid to the Board (Please
see your No 24 of January 1916);
thereafter Rs 142 were paid
to the State (Please see your
No 104 of 22nd February 1916).
Now there remains a balance
of Rs 209-5-2 to be paid to the
State.

I have the honour therefore
to request you to kindly arrange
to receive this payment at an
early date; receipt in duplicate
of this sum of Rs 209-5-2 is

30th November 1916

From,

The Divan of Savanur

To

The Vice President

Taluka Local Board

Subject:- Contribution towards the
Savanur Hattinathur Ry. Station
Road.

Sir,

Yours no. 114 dated 11-8-1916.

I have the honour to bring the
following to your notice for consideration.

2) The road was first constructed
Katcha in the years 1910-11 at the joint
cost of the State and the Taluka Local
Boards of Banapur and Karajagi, as
consented by them. It was also then
settled that the road should be
maintained by the 3 bodies together.

The share of contribution due by

by the Taluka Local Board Bankapur
for the construction and repairs up to
1912-13 amounted to Rs. 1206-6-10 and
was duly paid up.

3) Seeing that it was only a fair
weather road and that the traffic
had far increased, it was proposed
that it should be made pucca at
an estimated cost of Rs. 5000/-. The
Board on being referred to ⁱⁿ the
matter refused to share the costs
and as well the cost of maintenance
promised before. The matter was then
referred to the Collector of Dharwar
as President of the District Local Board
on the one hand and the Political
Agent of the State on the other.
The Board, however, consented to
pay off its quota in instalments of
Rs. 300/- as communicated to this office
by the Collector in his no $\frac{4282}{23-6-13}$.
The

The work was accordingly taken up and was finished by the State P.W.D. in 1913-14 at a cost of Rs. 4917-6-8. The further expenses on ^{account} ~~age~~ of repairs — thereto in the year 1914-15 came to Rs. 307-2-4.

4) The Board on being asked to pay the instalment as promised again refused to do so. The matter had thus to be referred to the Collector — again and when doing so the balance of dues by the Board was stated at Rs. 1742-2-6, vide Huzur No. 223 of 19-8-15 referred to in your letter under reference.

The Board again gave its — consent to pay off the balance in — instalments as previously settled and gave the 1st instalment of Rs. 300/- on 9-11-15.

--- The State had to pay Rs 850/- in 1915-16 for the acquisition of the — land required for the road. The
balance

balance to the credit of the Board at the end of 1915-16 thus came to Rs. —

1925-7-10.

Deducting from this amount
Rs. 200 received on 5-9-13 & Rs. 142 on 7th
March last the balance to the credit
of the Board will be Rs. 1383-7-10 &
not to Rs. 209-5-2 as referred to in
your letter under reference.

The cost of annual current repairs to the road will in addition, have to be given every year.

It is therefore requested that arrangements may kindly be made to pay the balance due in regular instalments of Rs. 300/- as already promised & also the cost of current repairs when demanded.

What they want is apparently
a road from Talihalli to Hattimattur

is similar on the other side & there
is no made road to Hattimattur.
The 2 miles in question are in
Karajgi limits. The road would
help only Savanur people. The mails
do not stop at Hattimattur. I am
only a weak case. But if the State
helps & the Tal. Bd. can provide
funds something may be possible.

to be constructed between Senoma
& the Hall's Landing R.R. Station, with
the first T.L.R. Bankrupts between
with the Y.P.'s Compt for the
first kind person & the future
of the needed action -

The question regarding the construction
of a road between Senoma & the
Hall's Landing R.R. Station is certainly
a matter of equal importance to
the Bankrupts T.L.R. when it is apparent
that the R.R. line becomes nearer
by 3 miles to all the Western & South
Western places beyond Senoma

* The Kurmi & B. while not

The S.P. TLOs know that the Government
is desirous of the papers on the subject of
the Road from Hattimallam Rly Station to Senonwa
to the S.P. TLOs know that the Government is desirous of
the S.P. TLOs know that the Government is desirous of
whether the TLOs know that the Government is desirous of
provisions for the work in the district according
to the S.P.'s reply to the petitioners herewith enclosed.
2 The people of Senonwa & the village of about
Hattimallam Rly Station are very keen on the matter
and the U.S. has had several petitions recently.
3 For the Senonwa people the advantage is that the
Rly line becomes four miles nearer; and that to
the village of Hattimallam Tattidatti ^{in the Kuraiyil Tal} lies in the
fact that they will have an easy access to the Senonwa
market as well as the Cotton spinning factory.
It is also calculated to be ^{more} beneficial to a certain extent to some
villages in the Hattimallam Tal.
The Ass. Prof. of Senonwa has already expressed

his willingness to enter a provision in the
rule book - to the extent of 1/3rd of the total
cost of the construction

5 The matter had to be dropped owing to the
negative reply from the Frankfurter T.B. last
year - From his recent reply to the Station
Master's communication it however appears that
the Frankfurter T.B. is considering the matter
favourably and it is likely that it will make
the provision in the matter

6 The Station Master's communication appears also
to have taken up the question of the stopping of
mails in ~~the~~ his Station & he seems to have
been urging the matter on the attention of
Rly authorities -

7 For all the above reasons it is thought it
worth while to move the Kuruzi T.B. to
reconsider the matter in its recent conduct

meeting & a provision has been made
 in the Budget - subject to the condition
 that the Bankapur TLO makes equal provision
 8 9 & the Bankapur TLO - consent & the J. & S.
 TLO Bankapur Member to communicate the

(2). It is fairly obvious
that the construction of the
proposed road will be
beneficial to the south eastern
village of Bankapur Taluk &
also to Shiggaon itself - as it
will save a four mile road
journey to Belvige station.
Undersigned concludes that the
Bankapur J. L. B. would be
fully justified & is under-
-taking to have an effect of
the cost of the proposed
road, & would be acting in
the interests of the Taluk
residents by so doing. The
V. P. is requested therefore
to hold a special General
meeting at an early date
to discuss the matter, & to
endeavour to obtain the
sanction of the Board of the
proposals. He should also

| 4 Mr. Madhavrao Nargise | |

The Vice President lastly places
on the table correspondence on the subject of the
road between Savanur & Hattimathur Railway Station

The meeting thanks the Assistant
Political Agent Savanur for his generous
promise to contribute $\frac{1}{5}$ of the estimated cost
from the State Fund to the Karajgi Taluka
Local Board on condition that the estimate
is thoroughly practical and the amount is reason-
-able and that the Karajgi Taluka Local
Board make provision for the remaining $\frac{2}{5}$
in its Budget—

While thanking the Asst. Political
Agent for the above promise the Board

proceeds to think that as the road in question is equally advantageous to the people in Shigga Bankapur and other places beyond Savanur in the west and South-west as it is to the Savanur people a request should be made to the President Bankapur Taluka to induce the Board to follow the generous example of the Savanur State on whose behalf the Joint Political Agent has been pleased to promise $\frac{1}{3}^{\text{rd}}$ of the total cost —

The Board thinks that the road between Savanur and Hattimattur Railway Station is equally useful to the Karajji and Bankapur Talukas and the Savanur State —

The Board therefore resolves that the cost be met equally by the two Taluka Local Boards concerned and the Savanur State —

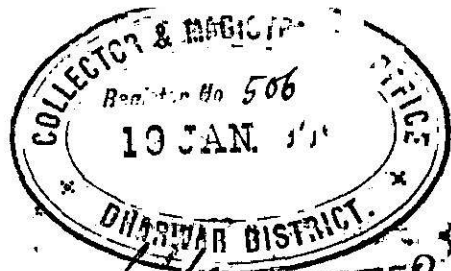

The Vice President to make a formal request to the Vice President; Bankapur Taluka Local Board through the President —

The meeting in the meantime
resolves to order the Sub-overseer to proceed
with the preparation of the requisite estimate
and plan - with the help of the State-Overseer.

Respected Sir,

We the undersigned residents of
Savanor, Bankapur, Shiggaon, Gallapur
Hattimattur & other places most humbly
beg to inform that for the convenience
of the Public to arrange for the Road from
Savanor to Hattimattur Railway Station
which is only $4\frac{1}{2}$ miles from Savanor.

The passengers who want to travel by Railway
are obliged to go to any other Railway Station,
the people are now undergoing many difficulties
from robbers on Yalgi Road.

Where as the Road from Savanor
to Hattimattur is now under consideration
we earnestly pray to your kind board
help and please arrange for the road. If
the road work starts now, many poor people
will have the chance of getting bread there
being famine now and therefore the road
will be much more useful to the Public
Therefore we most humbly beg to
arrange for the road work. Awaiting a
favourable reply. We beg to remain

The Dewan Sahib
Saranoor.

Most. Respected Sir

In enclosing the papers herewith for your kind perusal, I earnestly beg to state, that Bankapur Taluk ^{late} Mamalatadar had not a least-idea to help regarding road, our attempt was sleeping up today, as the time has come now, and the present Haveri Mamalatadar is very kind regarding the construction of road from Saranoor to Hattimattur Ry. sta., I want to try now only, so I humbly pray to kindly send your Surveyor Mr. Maroolkar one day as far as Talloppur station and see, where and how to bring the road from your boundary to the Ry. sta., and if he advises me and show the place, so that I may go with the Mamalatadar, who is expected here very shortly and show the places, where the road passes, and to arrange further, to fetch the lands by the help of land acquisition act, when this is required officially by T. & B. of Karag. Bankapur and State. As the present Mamalatadar of Bankapur also is very kind enough now to help us regarding this road, must try our best to get over, our attempt to be succeeded now only. Further beg to state that the Dharmasala at Talloppur near Hattimattur Ry. station has been completed and the road will be very soon commenced thro your kindness, & the Vice President of Bankapur is quite prepared to render every sort of help from his T. & B., as far

his endorsement, for the application given in
person on (20.9.09.)

In case of your travelling on
any day to any place at any time, I request
you to please intimate me first and kindly
come over once at least to this Hattimattur
station; I shall arrange to stop mail trains
for your safe journey. If you once please
pass over this poor station, then it will be
much more useful to many people.

Mr. Narayan Rao late sub. overseer has been
transferred from Haveri to Dharwad, and one
new man Chinga Maistry has come in place
of him, who is not so much well up with
this, so I beg your honor to please
send Mr. Churrooker once, then once
Karajy Vice President will request
officially to send your Surveyor's help.
Therefore I request to send once

Extract of minutes of proceedings
held at a special general meeting on 30-5-00

The first business discussed was the -
Construction of a road from the Kattumattur Ry. Station
to the limits of Saramu State. It was decided
that the Talukha Local Board should not take up
the work, but that the construction of such
a road was very desirable and that the District
Local Board should be strongly urged to take it up.

With reference to the application dated
20th instant, the applicants Appraim Kingar Station
Master Hattimathur & others are informed that
the undersigned thinks the project to be
a laudable one and that the U.S. would
move the Zuluka Board for rendering aid,
which would be granted if the financial
circumstances of the Board would permit.

Respected Sir,

I beg to state that the
Barma Patreerappa Sirabadi has
not yielded to give his consent to part-
a little portion of land, when the real
Khatayda has given his consent to
our Mamalatdar Haveri has decided
to propose to bring the line from the
Dharmasala to the Railway Station.
Accordingly Mamalatdar has replied
officially to take the land thro land
acquisition act. Today our Mamalatdar
went from Hatthimathur to Haveri and
informed to communicate the same
to a higher honor, also the papers has been
sent officially. Mamalatdar wants
to forward papers to acquire land marking
the present deviation from Dharmasala
to the Ry Station, thro state overseer to pass
line in Survey No 93, straight from
Dharmasala to the Ry Station, and
send papers direct from Government
Honors office only to the Political
Agent for necessary action, so that it
to given on soon. Mamalatdar also
expressed as soon as he hears from
the Asst. Collector notification will be
given to acquire the necessary land.
Therefore may to send Mamalatdar's
letter direct from Government Honors
office only. Pray excuse from Sir

I beg to remain.

To,

The Diwan of Sawanur.

Sir,

With reference to this office no. 307 & 319 of 8/8 & 12/8 Instant respectively, I have the honor to enquire whether the work of the construction of the road from Hattimath Railway Station to Sawanur has been started by you yet. It is understood that most of the lands required for the road have been acquired by private arrangements & the rest will have to be obtained either one way or the other in due course. The Diwan is requested to start the work in question as already settled so that as much as possible may be completed before the rainy season.

I have the honor to be,

Sd/- G. Hardy.

to object - State overseer who continues
the work, the matter may be in correspondence
& the compensation may be given
gradually for the party.

H. H. Nawab of Savanoor is
coming to Savanoor from Dharmwar
on Sunday & the Nawab Sahib
is coming here to see the new
road from Savanoor, so the
Dewan Sahib is very anxious to
complete the road very early.

The Postal Authorities have also
asked the Dewan Sahib, when
the road complete, and this is
in connection with arranging
mail trains to stop and also
to arrange postal communication
from Hattinatten to Savanoor
& then to Sirsi etc, so I most
earnestly pray to do the needful

Respected Sir.

I had the chance of seeing
the Dewan Sahib of Savanoor yesterday.
The gentleman expressed that he
had seen you at Dharmwar, and had
a talk regarding the deviation of
the road from the Dharmasala
straight to the Railway Station, and
he has already written to the Vice
President - Haveri regarding the
same. Our Executive Engineer
has kindly approved your suggestion
regarding taking road direct from
Dharmasala to the Ry Station.

The Dewan Sahib expressed that
he is only waiting for your kind early
reply to continue the road from the
place where it is stopped. Also the
Dewan Sahib expressed that Asst.
Collector Mr. Hardy has given
orders to take the land wherever
it will be suitable for the road
even if ryots do not agree to, with
their lands, to take thro land
acquisition act. As per your

Below corree ending with the Chair
L.C. B. D. No. 573 of 15/12/09 regarding
the construction of a road from Hatt
-mattur to Savanur.

No. 285 of 09.

- . Final order 17/12/09.

It will comply to the Presd.
J.L.B. Kasgi.

(2) The up thinks that the road should
be constructed by the agency of the Kasgi
J.L.B. as the road is entirely within
Kasgi limits.

(3) As to repairs up suggests that
the road should be maintained jointly by
the J.L.B. Kasgi, Savanur State, & Bankapur
J.L.B. - who should each contribute $\frac{1}{3}$ of the
cost of repairs. The repairs themselves
should actually be done by the Kasgi J.L.B.

Sd/- C. W. Turner

Asst. Collector &

Presd. J.L.B. Bankapur

Through the Divan of Savanur who is -
requested to give his opinion in the
corree on the suggestion that $\frac{1}{3}$ of the

equal cost of repairs shd. be borne

To the Presd. Kojaji I.L.B. with
compts.

2) U.S. agrees with the suggestions of
the A.A. as to the share of cost of repairs to
be borne by the State & the two I.L.Bs,
the road being taken to mean road from
Lax to Hattimattur Ry Str.

3) The road within Lax limits already
exists & as the state contributes a third
of the cost, it is but fair that the road shd.
be maintained in a state of thorough repairs
year after year. U.S. thinks the actual construction
of the road shd be done by the Kojaji I.L.B. but the
annual repairs shd be done by the State, the two
I.L.Bs contributing a third, each, of the cost of
repairs without pleading the excuse
of want of funds.

Read copies of plans & state-
-ments of lands to be acquired in the

villages Kalukhond & Jellapur.

The road starts from S. No 92 and runs through 88, 87, 88, 49, 143, 45 & 44, so far as Jellapur goes. The owners of S. Nos. 92, 87 & 88 state that if the road be made to pass along the southern boarder of their fields they will readily give the land free of price from their respective fields.

The owners of S. Nos 83 & 49 flatly decline to come to terms

Both the State Overseer & Talukha Local Board Sub Overseer, Karajgi, suggest that if the request of the owners of Nos 92, 87 & 88 be granted, the road would naturally pass through S. Nos 84 & 43 which are waste

Survey Nos 44 & 45 are owned by ~~by~~ occupants who are absent.

It is desirable that the road should be made to pass through only ^{one} S. No 45 instead of both.

In view of the convenience of Rayats and the desirability of the negotiations for the acquisition of land being concluded with the least possible delay & expense, the above mentioned deviations are accepted for recommendation.

With regard to the portion of the road that passes through Kulakond village limits, the occupants who are present, of nearly all the S. Nos, agree to part with their land free of any compensation. A few of the owners of lands required in both the villages are absent. Their statements will be recorded by the Mamlatdar as early as possible & the result communicated to the Diwan. It is hoped that they too will part with their lands free of cost.

The Savanur State Officer has been asked to make alterations in the plan accordingly; when it is ready the Diwan Sahib will forward it to the Expedition.

Inquired. O-D. through the Assistant Political Agent.

It is further requested that as soon as the papers are got back by the Divan from the Executive Engineer through the Assistant Political Agent steps will be taken by the Divan ^{to} commence the work.

Do L.A. 146 of 8/2/1910

It will comply to the order of the
Mr. I. S. & A. P. A. for favour of consideration
& necessary order.

2. The above is the report from Mr. Changa
J.L.B. sub-overseer bearing the endorsement of
Mr. Karji's works committee member (Chairman
& member Hattimattur group both of whom
suggest that the work of the Hattimattur road
should be carried out thro the Karji J.L.B. Agency.

3. The U.P. considered that the work being
nearest to the State, the money too being at the disposal
of the Diwan & the State's overseers being
admittedly more competent, its execution should
be better managed by the Diwan than the U.P.
J.L.B. Karji. But Mr. Changa seems to think
that the U.P.'s consenting to the work being
done by the State P.W.D. means a sort

of degradation to the ^{sub}overseers & he offers to show all his energy & professional skill in the execution of the work. Similarly the Chairman of the W.C. promises to cooperate heartily.

4. Under these circumstances the up goes to recommend that Mr. Changa might be given a chance when he shows his earnest desire to execute the work it being an original work. If this meets with the approval of the Presd. L.B. Kojji & Bankapur & the H.S.A. Sas. the V.P. up readily offers to undertake the execution of the work provided the Diwan Sas. as well as the State Overseers promise to give their heartiest help to the up.

5. There is now no longer any trouble to be taken over the acquisition of the land the villages of Jellapas & Kalalkew having already shown their generosity by making a free gift of their respective plots required for the road.

6. The V.P. begs humbly to request that Govt. will also be gracious enough to show their generosity in forgiving their claim for compensation as capitalized value for the 200 ^{sq} assessment ~~land~~ Govt. The up knows

My Dear Rao Bahadur

Excuse silence
Your favour through the

forward for their अपराध
do

do not like to come so far
and give their consent to
part with their lands. At

this effect are necessary -
we can depend upon ac-
quiring if necessary all
those lands that may re-

replied to my references -
It is possible the men may
be avoiding appearance
because they may not be
willing

willing to give the ~~2nd~~ 1st

Sir,

With reference to this office No.s 307 & 319 of 8th & 12th Instant, respectively, I have the honour to enquire whether the work of the construction of the road from Hattimattur Railway Station to Savanur has been started by you yet. It is understood that most of the lands required for the road have been acquired by private arrangements and the ^{rest} will have to be obtained either one way or the other in due course. The Divan is requested to start the work in question as already settled so that as much as possible may be completed before the rainy season.

Respected,

I have the honour to report
in connection with the Savannur Hallimattur
road as under.

The road was lately
repaired at the expenses of this State,
Kargji & Banapur T. L. Board conjointly.

For the present it is a fair
wether-road i.e. it is useful for dry
season only. Now a days Down & up
mail trains halt at Hallimattur.

Station, which, being close to Savanur
than any other Stations, Passengers
from Savanur, Shiggaon & other adjoining
places are invariably inclined
to go to Hattemattur. Thus the Traffic
from Hattemattur Road ^{is} increased.

Under these circumstances, it is
essential to make the road ~~passa~~

Its whole length is 5 miles
out of which $1\frac{1}{2}$ miles run in Savanur
limit & the remaining $3\frac{1}{2}$ miles in
Karggi Taluka.

Rs 5000 will be required
for this work which if not undertaken
the road will have to be abandoned, &
the money spent till now on it will be
nothing but waste.

I, Therefore beg to request
your honour to kindly instruct me
if I can make any provision for that
work in the next year's Budget. Karggi
& Bankapur T.L. Board may kindly

be consulted in the matter if it is
deemed fit

of special Repairs to the Hatti-

was placed before the Taluka
Local Board of Bankapur held

by your State. The Board is
opposed to continuing its ...

Subscription of Rupees 200/-

as it is of very little use to
the inhabitants of the Taluka.

This is a course of which I do not

construction and upon hearing
from you again about the
future of the road I think the
Board should be moved to
reconsider its resolution.

I have the honour to send herewith all the corr^{ce} regarding the Savanur-Hallimallur Str Road & a copy of letter No. 4390 dated the 3rd instant from the President T. L. Board of Bankapur and to request that the T. L. Bd. of Bankapur may kindly be impressed with the advantages of the said road as set forth in Mr. Turner's No 2230 of 4th November 1909, & asked to contribute 1/3rd share of the cost required for the current & special repairs to the said road which is to be repaired necessarily before the setting in of the ensuing monsoon. This Hallimallur Str Road is used on a large scale by the inhabitants of several villages of the Bankapur & Karajji Talukas constructed jointly by this State & the T. L. Bd. of Karajji & Bankapur on the clear understanding that its future upkeep shd be borne equally by the said three bodies, vide para 3.

of Mr Turner's No 285 of 17.12.09.
If the Bankapur T.L. Board be
unwilling to pay up its contribution
towards the upkeep of this road, ~~then~~ the
State ~~will~~ see no reason why
the contribution that is ^{being} paid to
the T.L. Board for the upkeep of the
Palla Badami road should not
be refused on similar ground. The
Hattimathur Stn road is ~~now~~ used
on a large scale by the inhabitants
of several villages of the Bankaji &
Bankapur Talukas, while the
Palla Badami road only crosses
Savannur State & is less used by the
State people, especially as the HTR
Stn road lies in an open & safe country.
The road to Yelwigi Stn (Palla Badami)
lies in a hilly tract & is ~~open to~~ dangerous
in certain places. The location of the
Alipur gate where a Bankapur police
Constable is detailed is sufficient to
convince that that road is a dangerous
one. There were several robberies &
even murders on this road and these
& similar other grounds induced
Mr Turner to propose this HTR Stn
road. It is for these very reasons that
the post is recently received here from
HTR Stn ~~that~~ ^{instead of} from Yelwigi. While
the said road is ^{growing} in importance
from all points of view it is not fair that
one of its supporting bodies viz T.L.B.
of Bankapur should attempt to discontinue

The once promised annual contribution for the maintenance of the said road. In the enclosed Corree, can be found ~~many~~ - applications from the inhabitants of the Bankapur Talukka praying for the construction of the H & R Stn road. The distance from Savanur to H & R Stn is 5 miles & that to Yelwigi is 7 miles.

Under these circumstances I request that you will kindly move the T. L. Bd of Bankapur to reconsider its resolution and arrange to provide funds for the contribution towards this road. On hearing from you, the State overseer will ^{have to} be asked to frame an estimate therefor & the work - started so as to be complete in good time.

I also understand that a Corree is going on about the handing over of the said road to the charge of the D. L. Board for its upkeep and if these papers are disposed of early and the road handed over soon, the State will be very much pleased to contribute $\frac{1}{3}$ of the share of the costs on condition that the said road is made pucca & kept in thorough repairs before the ensuing rains.

C. L. 1/4
The proposal of the Taluka Local Board seems to me ---- quite reasonable. Although the road is chiefly in Karajgi --- Taluka the benefit of it is reaped almost entirely by the people of Bankapur Taluka and Savanur State, there being only one village in the Karajgi Taluka on or near the road.

Under the circumstances the Taluka Local Board Karajgi - is willing to contribute 1/3 of the Rs. 5,000 required for - metalling the road in three yearly instalments if the Savanur State is willing to get the work carried out on these terms.

(3) The Board is ready to pay its contribution ~~money~~ $\frac{1}{3}$ rd towards the maintenance of the road in its original condition; but the present proposal really forms a new question altogether & is not a matter of mere maintenance as ~~then~~ is presumed by His Highness the Narabsahab in his letter under reference.

(4) The original proposal ~~was~~ to make a 2nd class murum road and the Board agreed to pay its $\frac{1}{3}$ rd contribution both in the case of the construction as well as future maintenance. ~~Now~~ The question is to make it paved which means

+ 2.4.14.

for approval

and to State as follows.

2. The previous Corr^{ee} in your
office on the subject will convince you that the
said road is to be maintained by
the 3 bodies equally i.e., the T.L.B.
of Karajji & Bankapur and the State.
The T.L.B. of Bankapur had refused
to pay up their share of contribution
required for the S.R. to the said road
and on a representation being made
to you the said Board agreed to pay
up the same, vide the Board's resolution
dated 7th June last. Depending upon
this resolution which was communicated
to me by you in your No referred to above
the State has already completed the
special repairs to the said road.

3. Now the said T. L. Board have reconsidered the subject & have resolved that no further payments are to be made for the said road by the said Board, vide extract from the Resolution dated 2.2.14. The reason put forward for this reconsideration of the Subject and ^{for} refusal of the payment is assigned to my refusal to pay up any contribution for the proposed Dispensary at Shiggam. In this connection I may point out that the proposed Dispensary at Shiggam is not useful for this State which has a Dispensary of its own at Savanur; and if it be so to a certain extent, to the State villages near Shiggam, the ^{State} Dispensary at Savanur is equally useful for the British villages near Savanur. Hence the location of a Dispensary at Shiggam is useful for itself, whereas the Savanur. H. R. road is ^{very} useful for the most of the villages of the Bankapur Taluk & is freely used by them. The matter of my refusal to pay up any contribution to the Dispensary at Shiggam has nothing to do with the matter of ^{refusal of} payment of contribution for the said road by the T. L. Bd of Bankapur, which should remember that they have once resolved & promised to pay to the State. The action now taken by the T. L. Board of Bankapur is obviously ~~apparent~~ not justifiable and if the Board intend to receive any contribution for their Dispensary from the State, their best course would have been to represent the matter to me just in the same way as I had done ~~represented~~ against the said Board. ~~but instead of doing~~ Their refusal to pay up the contribution due to the State on acct of the T. L. Bd to the said road is thus ~~absurd~~ ^{absurd} on its very face.

4. Under the circumstances I

request that you will be good
enough to advise or insist upon
the said T. L. Board to pay up
the said contribution as
resolved by them originally on
7th June 1913.

Dharwar, 24th June 1914.

From,

E. L. Heysey, Esquire, I. C. S;

Assistant Collector, 1st Division, Dharwar.

To,

The Collector of Dharwar.

Sir,

With reference to the correspondence ending with your No. 4513 dated the 13th instant, I venture to ---- request you to be good enough to move the Hawab of ----- Savanur to make a contribution from the State's resources towards the Shiggaon dispensary. I was not present at -- the meetings of the Shiggaon Taluka Local Board at which the question of withholding the Board's contributions -- towards the Savanur-Hattimattur road was considered nor did I have anything to do with the decision to which the Board came, but I happen to know that there exists a --- very strong feeling among the members of the Board that the Board's contributions, both special and ordinary, -- towards the Hattimattur road ^{is} are grossly disproportion- -ate to the benefit that the inhabitants of the taluka -- derive and that the State is behaving very unfairly in -- refusing any contribution towards the dispensary, to which the inhabitants of many of its villages will go. The --- correspondence in this Office and in yours, which I ---- have read, shows that the Shiggaon Taluka Local Board -- has, when left to itself, always resolutely refused to contribute anything towards the Hattimattur road on the ground that the benefit derived from it by the inhabitants of the Shiggaon taluka are exceedingly small, and that -- it was practically coerced, first by its President, ----- Mr: Turner, to agree to pay a contribution of Rs: 200/- a year in perpetuity towards ordinary repairs, and then

by the President of the District Local Board, Mr: Macdonochie, to agree to pay an additional contribution of Rs: 300/- a year for five years towards special repairs. That is to say, this little Board, with a total income of about Rs: 6000/-, has to give 1/12th of its income at present towards the upkeep of a road of which not a foot runs through its jurisdiction, and not only that, but, since the Savanur State and the Karajgi and Shiggaon Taluka Local Boards are, apparently, sharing the cost of the ^{road} Board equally, has to pay as much as the Savanur State, which obviously derives more benefit from it than the Shiggaon taluka. I do not ask that the question of the amount to be paid by the Shiggaon Taluka Local Board shall be reopened, but I think that it will come as a graceful act on the part of the Nawab and will remove all opposition and bad feeling on the side of the members of the Taluka Local Board, if the Nawab will consent to pay a subscription towards the dispensary, which is an institution in which ^{the} inhabitants of the taluka take great pride and interest and towards which they have contributed in the most generous and public spirited manner in a year of poor crops. It is of course perfectly true that many of the inhabitants of the Shiggaon taluka have been resorting and will still resort, to the Savanur dispensary, but the map will show that some ten Savanur villages are nearer to Shiggaon than Javanur and the inhabitants of these will probably go to the Shiggaon dispensary.

2. I am refraining for the present from addressing the Shiggaon Taluka Local Board on the subject of reconsidering the withdrawal of their contributions in the hope that I may be able to announce that the Nawab has consented to make a subscription towards the dispensary.

The Pol: agent Showar

My Friend,

I have the honour to acknowledge the receipt of your letter No 5060 of 3rd Inst. together with a copy of the letter No 114 No 24 ^{4th ultimo} from the Asst Collr ID and in reply ^{that} I feel ~~but~~ I must represent the matter to you from my point of view. I have absolutely no objection to give a small contribution towards the Shiggaon dispensary. I refused it as I strongly objected to being treated in a way that the Board has chosen to treat the State. The Contribution of the State towards the dispensary ^{has} absolutely no connection with the contribution of the T.L. Board towards the Hattr road. During my minority Mr Turner was just as much in charge of Savanur as he was of Bankapur., and there is absolutely no reason why he should have favoured Savanur more than Bankapur. Apart from this the T.L. Board definitely let us know through the President of their District Local Board and my P.A. Mr Macnochie that they would contribute towards the ~~current~~ ^{Special} and also ~~current~~ repairs. On the strength of this we undertook and completed the work and after the completion of the work which was entirely paid for by the State relying on their promise to pay it back by instalments, they now show a strong feeling against the contribution and maintenance of the road. I venture to say that this would not have been expected from even an ordinary business man, much less should it be from a Taluka L. Board. Notwithstanding all this the members of the Board choose to think that the State has been treating them unfairly. The Savanur dispensary is used a great deal by the ^{villages} in Bankapur Taluka and not only this, for ^a considerable time the Sub Asst Surgeon of Savanur went over to Shiggaon once a week at the request of the Mamlatdar sometime ago. Almost all the post mortem cases of Bankapur Taluka are undertaken by the Sub Asst Surgeon of Savanur. All this naturally means that the Bankapur Taluka derives a certain amount of benefit from the Savanur dispensary. I ^{always} endeavour to meet the neighbouring Talukas half way and would not have mentioned anything of the benefit the Bankapur Taluka derives from the State dispensary but under the circumstances I felt that ⁵ you as P.A. I must represent my views of the situation.

The idea that the Hattr road is or would not be of much use to the Bankapur Taluka ought to have been represented to Mr Maconochie and I feel sure that if he thought it would not be worth while for Bankapur Taluka ^{for the construction} he ^{of the} would not have pressed the board for its share of contribution. ^{Road}

If inquiries are made in Savanur it will show that much more Passenger and goods traffic goes to and from Hattimatur for villages of Bankapur Taluka than the members of the board think.

I shall be grateful if you will kindly move the Board to adhere to their ~~resol~~ original resolution to contribute towards the road.

Yrs sincerely

Forwarded with compliments to the

Subject 22918/15th April 1915.

contribution The Savannur Hattimattur road was
to the Savannur altogether constructed at a cost of Rs 7500/-
H.A. Road ^{to be} paid by the in the year 1913. It was only a murrem
H.B. Shiffon: road, thus it was useless during the rains for
cart traffic. It was suggested during the
year 1912, that the road should be metalled
at a cost of Rs 5000/- on the clear understanding
that a third of the cost should be borne by
each of the Boards concerned. As the Taluka
Local Boards could not afford to pay their
share of construction all in one year it was
suggested by Mr Macmochie in his letter No 422
of 23/6/13 who represented the State as its Political
Agent on the one hand & the Taluka Local Boards
as the President of the District Local Board on
the other, that ^{that} ~~the~~ ^{Bankapur Taluka Local} ~~the~~ ^{its} Boards should pay ~~their~~ share
by instalments. The work was carried on & after

everything is finished I don't think it would be fair on the State if the Bankapur Taluka Local Board after everything has been arranged by Mr. Macnochie who represented all the three bodies, should now go back. The State with its own Public Works Department & its money, relying on the arrangements made, carried out the work.

If the Bankapur Taluka Local Board did not desire to contribute towards the road & felt that they were paying more than their share they ought to have there & then approached Mr. Macnochie.

As regards the question of current repairs this also has been done on the clear understanding that the Bankapur Taluka Local Board would contribute its share ^(Rs 200/-) ~~of Rs 200 per annum~~ every year. I don't understand what benefit a Local Board would get by contributing towards the current of repairs of ~~the~~ a road only for one year & have no intention of contributing in future. The argument that the Board seems ^{putting forth} to have been always put forth of late is that the Hattimattur Road is more beneficial to Savanur. ^{Now to Bankapur Taluka also.} Yelavisi Road is just as convenient or actually the Savanur Road & the difference of a mile & a half would make little difference to them, starting as they would

with fresh bullocks from Savanur. Whereas
the Ryots from Bankapur ^{to Shiffaon} having already
gone ^{of 7 miles, 228 paces being} 7 miles to Savanur would feel the difference
of $1\frac{1}{2}$ mile more than Savanur Ryots.

You will see from the Resolution passed
on 2nd Feb 16 that the Bankapur Taluka Local Board
has objected to paying the contribution,
because I refused to pay contribution
to the Dispensary to be newly started in Shiffaon.

The Sub Assistant Surgeon, in spite of heavy
work at Savanur, ^{is} ~~used to be~~ deputed to Shiffaon
to attend to cases there & give medical aid
whenever it ^{is} ~~was~~ necessary. ~~Post mortem exams~~
~~of cases that are sent from the~~ ~~territory are~~
~~done by the State health officer~~. The State
makes no charges for the little service that
it ^{can} ~~could~~ do. It may also be noted here that the
people of the adjoining British Villages take free
advantage of the Dispensary in Savanur.

After the Dispensary in Shiffaon starts &
if it is shown that a number of State Village
go to it for medical aid, the State is willing
to give contribution. Besides this, I don't
think that the question of maintenance
of the road has any thing to do with the

question of Dispersary. If the Hattimattur
road is not maintained, whatever money
has been ^{now} spent will be a waste. The State
is already ~~paying half the cost of the upkeep~~ ^{paying half the cost of the upkeep}

of - by Taluka Local Boards.

With reference to the correspondence ending
with your endorsement No. 1030 of 5th Ultimo, I have the
honour to enquire whether the understanding that Dharwar
Taluka Local Boards should pay a certain share (i. e. two
thirds of the recurring expenses) is on record, and if
not on what it is based and what amount does the State
now claim from Boards in this district.

Sir,

With reference to your office No 131 of 12th ultimo forwarding a copy of letter No. 3859 of 7th June 1915 from the Political Agent Marwar, I have the honour to state that the claim in question is based on the following:-

(1) Resolution dated 7-1-10 passed by the Karjigi Taluka Local Board.

(2) A part of the correspondence regarding the construction of the Savanur Hatti-Mattur Station Road beginning with Mr. Turner the President T. L. B. Bankapur's No 230 of 4-4-14 & ending with his No. 285 of 17-12-09.

Copies of these have been annexed hereto for favour of ready reference.

The amount due by the T. L. Boards will be reported later on.

Respectfully resubmitted -

2) The amount spent on the Savanur Hattemattu station road is as follows: -

Rs 4917-6-8 — on construction

Rs 309-0-8 — on repairs.

Rs 5226-7-4.

One third of the cost to be borne by the state and the Taluka Local Boards is as follows: -

Rs 1742-2-5 — Savanur State

Rs 1742-2-5 — Karjgi T. L. Board

Rs 1742-2-6 — Bankapur T. L. Board.

Rs 5226-7-4.

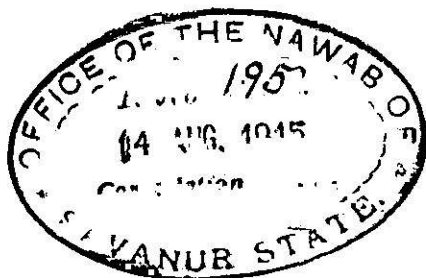

The state has already paid up its quota. Out of the share of the Karjgi T. L. Board, it has paid Rs 1112-12-0 by two installments: Rs 557-12-0 on 23-12-13 & Rs 555-0-0 on 29-3-15 leaving a balance of Rs 629-6-5. Out of the share of the Bankapur T. L. Board, it has paid only Rs 200-0-0 on 5-9-13 leaving a balance of Rs 1542-2-6.

Thus Rs 629-6-5 & Rs 1542-2-6 are due from Karjgi & Bankapur T. L. Boards respectively.

The District Collector II Division Sharwar has, in his letter No 1082 of 24th

Below Huzur No 199 of 28th July 1915.

My friend,

with reference to your letter
No 3859 of 7th June 1915 I have the
honour to state that it is on record
to show that the Zulu Local Board
should pay $\frac{2}{3}$ of the recurring ex-
penses towards the Swamvukhulimati
Railway station road & that the copies
of the records as mentioned below
are enclosed herewith.

(1) Resolution passed by the
Kerijaji Zulu Local Board
on 7-1-1910.

(2) A part of the correspondence
regarding the construction of
the road beginning with the

Turned the President Duluka Local
Board Bankapur's Rs 230 of 4-11-1909
of ending with his Rs 285 of 17-12-1909.

2) The amount due by
the said Duluka Local Board is
as follows

Rs 4917-6-8 have been spent on construction
of Rs 309-4-8 on repairs

Total Rs 5226-7-4.

Of this one third of the cost is to be
borne by the State & $\frac{2}{3}$ of the cost are
to be borne by the Duluka Local Board
i.e. Rs 1742-2-5 Karjaji Dul. L. Board
& Rs 1742-2-6 Bankapur Dul. L. Board
& Rs 1742-2-5 Swamur State.

Out of the shares due by the
2 Boards, - The Karjaji Duluka
Local Board has paid Rs (1112-12-0)
- two instalments leaving a balance
of Rs 629-6-5 & the Bankapur Duluka

has only paid Rs 200/- on 5-9-13 leaving
a balance of Rs (1562-2-6)

3) The Boards will also have
to pay their shares of expenditure to
be incurred hereafter in connection with
the same Road

Sir,

I have the honour to request that you will let me know whether you have prepared plans of the Hattimattur Station Road as far as it runs through this Taluka. It appears that although the road was built some 3 or 4 years ago no acquisition proceedings have yet been taken. I am therefore anxious to complete these proceedings and pay compensation to the persons entitled thereto. I assume that the amount subscribed by this Taluka and Bankapur Taluka Local Boards was intended to cover the estimated cost of acquisition and that this amount is on deposit in the State Treasury, but it may be noted that the interest on this sum will now have to be paid in addition.

The Collector of Dharwar.

Sir,

I have the honour to forward herewith a correspondence regarding the Savanur - Hattimattur Road together with a draft Notification.

2. From the correspondence it would appear that though there was a good deal of talk about ---- acquisition nothing was actually done. It appears that all the parties except the owner of one share in survey No. 93 agreed to part with their lands free of compensation but no agreements appear to have been taken from them.

3. It would appear advisable that all the lands should be formally acquired but the information ---- regarding the other lands is not at present available. I will submit draft notification after collecting it.

4. It is quite possible that some of the holders will now demand compensation in which case it will probably have to be granted. But the only person who has constantly consistently claimed compensation is Fakirappa, part owner of S. No. 93. The value of the land which is black soil is about Rs. 276 and to this will I think have to be added interest since the time of occupation, at say 5-percent per annum. The cost of original ~~acquisition~~ construction was borne in equally by the Taluka Local Boards of Karajgi and Bankapur and the Savanur State. As the cost of acquisition was not originally included this additional cost will

I think have to be borne by the same three bodies.

5. I may add that Phakirappa is anxious to receive in exchange S. No. 79 measuring 2 A. 16Gs and at present unassessed waste. The adjoining S. No. 80 was taken up a year or two ago and fetched in --- auction a price of roughly Rs. 125 per acre. It cost Rs. 50 per acre to bring under cultivation.. On this basis the value of S. No. 79 is about Rs. 300 i.e. very nearly equivalent to the value of the land taken up as calculated above. I see no objection to the grant of this land in exchange and if it is so granted a certain amount of expense will be saved.

6. If however you think it necessary I will request the Taluka Local Boards of Karajgi and Bankapur and the Savanur state to contribute the amount of occupancy price.

7. The cost of acquisition calculated as above does not include capitalized value of assessment on the assumption that the Collector will be pleased to grant the land as a revenue free holding.

Subject :- Acquisition of lands within
Karajgi Taluka limits for the Lavan
Attenuation road.

NO. 816 dated 3rd June 1914. from the Assistant
Collector II Division to the Collector of Dhule.

2 - From the correspondence
it would appear that though there was
a good deal of talk about acquisition
nothing was actually done. It appears
that all the parties except the owners
of one share in S. No. 93 agreed to part
with their lands free of compensation but
no agreements appear to have been
taken from them.

" 3. It would appear advisable
that all the lands should be formally
acquired but the information regarding
the other lands is not at present
available. I will submit draft
notification after collecting it.

" 4. ~~XXXXX~~. The cost of
original acquisition was borne
equally by the Taluka Local Board
of Karajgi & Bankapur & the Lavan
State. As the cost of acquisition was

~~have~~ equally not originally included
this additional cost will I think have
to be borne by the same three bodies."

Extract from the Collector's
reply No. 4538 of 15th June 1945
the above.

"

2. I agree with you that
since the cost of laying out the road
has been borne jointly by the Sahakar
Local Boards of Banthapur & Karajgi
and the Savaur State the cost of
acquisition of the land for the road
should also be borne by them."

Forwarded with compliments
to the Divan of Savaur with
a request that he will kindly
make provision for $\frac{1}{3}$ the cost
of acquisition. It is anticipated
that the cost, will amount to
about Rs 350/-.

2. The Divan of Savaur
is requested kindly to communicate,

1910 | The date on which possession of
the lands was taken.

From

To

The Divan of Savanur.

Sir,

In continuation of this office No. 1504 dated 22nd October 1914, I have the honour to inform you that besides the owner of survey number 92 - the cost of acquiring whose land for the Hattimattur Savanur road has been estimated by my predecessor at Rs. 350-- the owners of S. Nos. 44 and 45 of Jallapur are also reported to be unwilling to part with their lands gratis. They demand compensation at the rate of Rs. 100 ^{the} per acre, but the panch have valued their land at Rs. 60 the acre; the area of land to be acquired from the two S. Nos. is more or less 2 acres 38 gunthas (or say 3 acres). At the rate estimated by the panch the cost of acquiring this land comes to :-

Market value of 3 acres =	Rs. 180
15 percentum for compulsory acquisition =	Rs. 27
6 % interest on Rs. 207 for say 5½ years. =	Rs. 68-5-2
	275-5-2

I therefore request that you will kindly arrange to make provision for this amount in addition to the sum of Rs. 350.

2. I am submitting to the Collector the required notification for the acquisition of these lands and no sooner the notification is published I will take steps for the acquisition of the same. I have the honour to be

The Divan of Savanur.

Sir,

With reference to your Nos. 201 and 204 dated 11th and 12th Instant respectively I have the honour to point out that in my letter No. 71 of 18th January 1915 I requested you to make provision for Rs. 276 plus 1350 whereas you say that provision for Rs. 276 will be made in the Budget for 1915-16. I therefore again re-request you to make provision for the whole amount viz. Rs. 626 or say Rs. 650 in round figures.

2. It is true that in 1910 all the owners of lands taken up for the road with the exception of the owner of S. No. 93 of Jallapur had agreed to part with their lands gratis but when the --- Mamlatdar of Karajgi called upon them to give -- their writ-ten statement to that effect, the owners of lands in sruvey numbers refused to give their lands gratis, hence it is necessary to make provision for the amount required to pay compensation to these land owners.

-Order-

The road from Savanur to the Hattimattur Railway Station was constructed at the joint cost of the Savanur State, and the Taluka Local Boards of Karajgi and Bankaur. Most of the owners of the lands situated in the Karajgi Taluka through which the road passed had agreed to give up their portions free except a few. Proceedings however were not taken under the Land Acquisition Act and so a Notification under the Act has now been published and these proceedings are commenced in consequence thereof. The proceedings are concerned with the portion of the road in the Karajgi Taluka and not ^{that} within Savanur State limits.

2. The road passes through S. Nos. 61, 69, 70, 71, 117, 118, 119, 76, 78, 77, 78, 113, 111, of Kalalkond village and S. Nos 43, 44, 45, 93, 84, 85, and 86 of Jallapur village. S. Nos. 43, 84, 85, and 86 of Jallapur are Government Waste Gairan Nos, and therefore not notified. The rest are occupied and notified for acquisition.

3. The details of the portions acquired out of these Nos. with the names of their occupants are shown in a statement prepared by the Mamlatdar of Haveri at the instance of this Court. The statement is recorded as Ex: No. 8.

4. The plan of the road and those of the areas acquired in the two villages are Exhibited as Nos. 1, 1-a, and 1-b.

5. Notices have been served on all the interested persons (Exs: 2, 2-a, 2-b, 2-c, 6-a to 6-z, 7-a to 7-e). Only Rudrappa bin Irappa (S. No. 45), Fakirappa bin Basappa (S. No. 93/2), Gowrishankar bin Ramprasad (s. nos 69, 70, & 71), Gangava kom Basappa (s. no 93/1), Dattatraya Curnati Kulkarni (s. no 76/1) have appeared before the court and got their statements recorded. The other persons have failed to appear. Some 13 of them have sent an application for postponement (Ex: 9) on the excuse that they are engaged in sowing work and want time and ask me to postpone ^{proceedings} till I visit their village. I however do not consider that

it is necessary to grant any time. They could have deputed some one of them to say what they have to say in the matter. Besides these persons and as well as ^{the rest} those who have not appeared have all agreed on two previous occasions to give up their lands free to the road- once in 1910 before a Committee of officers appointed to settle about the acquisition before the construction of the road was actually taken up; and it was on their assurance, which assurance was given by them in consideration of the facts that the road was to be very great benefit to them and that the fruit of any road side trees planted thereon was to be ~~enjoyed~~ enjoyed by them, it was on this assurance that the construction was actually undertaken, the question of compensating the few who were unwilling to give up free being reserved to be settled after the construction; & again before the Mamlatdar of Haveri in 1914. There is therefore no reason for me to wait for recording the statements of the absentees. Their statements would in any case be merely formal as they can not now reside from their previous agreements on the faith of which the road was constructed.

6. There is no dispute as to the area and the persons interested .

7. The only question is the amount of compensation to be awarded to the owners, who have claimed it from the first. This question has reference to S. Nos. 44, 45, & 93 of Jallapur and 69, 70 and 71 of Kalalkond.

8. S. No. 45 measures 16 acres and 9 gunthas and is assessed at Rs 19. Out of this an area measuring 2 acres 7 gunthas with a proportionate ~~of~~ assessment of Rs 2-9-0 has been taken up. The owner Rudrappa asks for compensation at Rs 100 per acre or such reasonable amount as may fixed by the Court. He says that the road cuts off a small bit on the other side the usefulness of which is ~~thereby~~
 ~~thereby~~ thereby

thereby reduced. The land is Jirayat. Its rental value is estimated by the Panch at Rs 5 per acre or Rs 10-14-

The Panch have valued the land at Rs 60 per acre or 60 times the assessment. The owner of S. No. 44 is the widow of the brother of the owner of the S. No. 45. She has not chosen to appear before the Court, but it is understood from Rudrappa that her contention is similar to his. The area of this No. is 17 acre 6 gunthas and assessment Rs 17-12-0, the portion taken is 51 gunthas bearing an assessment of Rs 13. This is also Jirayat land. Both are unalienated. The Panch estimate for this land comes to about 60 times the assessment. There have been sales in previous years in S. No. 44 and some other lands of the village as follows:-

(a) In 1898, S. No. 44, area sold 6 acre 24 gunthas bearing assessment Rs 8-14-0, consideration Rs 400. This is 44 times the assessment or Rs 44 an acre nearly. This is a very old transaction.

(b) In 1910, S. No. 53, and 54 (2)

A. Gs.	Rs. A. P.	} for Rs 600
area 3- 12	assessment 8-14-0	
10- 25	16-10-0	

or Rs 48 an acre or less than 50 times the assessment.

(c) In 1914, S. Nos. 4/4 and 27/2, area

A. Gs.	Rs. A. P.	} consideration Rs 1000.
4 -5	assessment 7 - 2-0	
4-8	8 - 8-0	
<u>8-13</u>	<u>9 - 0 - 0</u>	

This comes to Rs 120 per acre or more than 1000 times the assessment. It is not known what particular reason there was for very high rate of sale in this case. One reason ^{no doubt} ~~perhaps~~ was the nearness of this land to the village site, or the soil ^{this is} ~~may be~~ good ^{black} black soil. Taking all the transactions together it appears to me that

that Rs 50 per acre is the proper price for these two numbers. To the amount due will be added 15% for compulsory and interest on the whole amount from taking possession viz from April 1910 when construction of the road was commenced. (date of taking possession of each land is but the road was completed in October 1910) rate of interest to be allowed will be Rs 8 as mentioned in section 34 of the Land Acquisition Act.

9. S. No. 93 measures 17 acres 36 gunthas and is assessed at Rs 27-4-0. 1 acre 8 gunthas out of it is assessed at Rs 1-6-0 has been taken up. This is Sarkari Jirayat land. The Panch have estimated its value at Rs 100/- per acre or nearly 100 times the assessment. The owner, Fakirappa, refuses to take any money compensation but asks for land in exchange. As under existing orders exchange of lands is not possible, I assess the amount to be paid as compensation and leave him the choice of a refusal to take it. This land is though near Railway Station of Hattimattur further away from the village site of Jallapur than Nos 44 and 45. The Panch have given no reason why they have assessed this land *It is however somewhat better assessed than the other.* I decide that a fair value for this land ~~is~~^{is} Rs ⁷⁵50 per acre.

10. S. Nos . 69 and 70 and 71 belong to one individual Gowri-Shanker Ramprasad. These are all Sarkari Jirayat lands.

No.	Area.	Assessment.	Land taken -	
			Area.	Assessment.

69	28-36	9 - 8 - 0	0-20	9 - 3 - 0
70	14-17	5 - 14 - 0	1-30	0 - 11-0
71	24-2	16-10 - 0	1-38	1 - 5 - 0
	60-15	32 - 0 - 0		

These

These lands are assessed much lower than the S. Nos. considered above.

These Nos together with No. 68 containing about 20 acres had been let out for a rent of Rs 64 after paying assessment or less than ~~the~~ twice the assessment or Rupee one per acre. Panch valuation of the land is Rs 25 per acre. The owner demands Rs 40 per acre. Both are obviously exorbitant demands. 10 times the rental value is usually taken as the sale value. At this rate Rs 10 per acre would be a fair value. Previous sale transactions in this case show that in the year 1905 S. No. 72 (Sarkari area 28-27 assessment 17-12-0) was sold for Rs 170 or only Rs 6 an acre. This was 10 years ago. I therefore hold that Rs 10 an acre is the fair price to assess.

11. My award therefore under section 11 of the Land Acquisition Act is as follows:-

(II) Persons to receive compensation are also as given in the same Ex:.

(III) Amount of compensation. ~~xxxxxx~~ area out of

The rest of the lands have been given by their owners ~~for~~ free of compensation subject to the ----- condition of enjoyment by them of the fruit of the trees that may be ~~pp~~ planted by the side of the road. No compensation is therefore awarded on their account. With regard to the statement of Gangawa Kom Basapa claiming compensation now it may be said that it was on her own asking that the road was not constructed in a line running ~~xxxx~~ just outside her field as originally proposed but taken through it. She is therefore estopped from claiming any compensation now.

The ~~xx~~ sanction of Government referred to above is not necessary as the Dharmashala is situated within the jurisdiction of the Karajgi T. L. Bd.; moreover as the amount is a small one i. e. Rs 22 and the Collector had refused in his No. 186 of 12-1-16 to obtain the sanction of the Govt: in a similar other case viz, contribution of Rs 28-10-5 by Kod T. L. Bd. towards the Dharmashala near the Byadgi Ry. station (Please vide your No. 688 of 20-1-16), it is unnecessary to trouble Government on that score also.

Consideration of Meharban Rawal -
sahib's letter requesting
the President T. L. B. Karaggi to make
provision of Rs 22 being the T. L. B.'s
share in the additional cost of
mangrove tiles in place of country
tiles provided for in the original
estimate for the construction of Sharma
shala near Hattimattar Ry. Sta.
which is now in progress

The proposal being recommended by
The President in his no. L-225 dated

The V. P. placed the same before the T. L. B.
members for observation & votes by his
letter no 89 dated 5th Feb 1916.

The V. P. further stated in his

It is that in case of members agreed
the Meherban. Bahadur Sahab's proposal
substitute mangalore tiles for the
unbriy ones. The amount could be
reappropriated out of the balance
under the head of "Miscellaneous charges"
in the current year's budget.

There being the majority of eight
in favour of the proposal it is
resolved to be carried by means of
the proposed reappropriation.

A copy of letter No 125 of 14th Dec 1915 recd from the Dist Commr, H. W. Davis, endorsed below the letter No 125 of 7th Dec 1915 of Govt of Bombay, accompanied for perusal.

The Govt of Bombay

desires that the roof of the Dharamshala at Hathi-matung to convert into half-tiled roof instead of country tiles. The Govt is willing to pay $\frac{1}{2}$ of the cost i.e. Rs. 22/- the other half be desired to be met from F. L. B.

The President also suggests to re-appropriate the amount from some item of F. L. B. budget.

The ~~Am. L. B.~~ of Rs. 68/- from miscellaneous unforeseen charges ~~of the F. L. B.~~

remained unexpended in the
budget for the current year.

It is therefore proposed.

Subject :- Construction of a new Dharmashala near the Hatti-mattur Railway Station at a cost of Rs 820/- to be shared equally by the Savanur State & the Karaj Saluka L. Board (existing Dharmashala being in a dilapidated condition & being away from the Railway Station & which is in want of urgent repairs)

The original plan & estimate the latter amounting to Rs 606/- was prepared by the Savanur State overseer in which it was proposed to utilise some of the materials of the old Dharmashala & other materials ^{the} ~~of the old~~ were proposed to be sold for Rs 66/-. In reviewing the plan & estimate the Sub-Divisional Officer Hubli (P.W.D.) recommended the sale of the Dharmashala for Rs 100/- to the Station

Station Master instead of disposing
of the old materials as proposed
by the overseer. [In recommending
this the S. D. officer lost sight of the
proposal of overseer to use old
materials for the new building]

The J. & Board Karajji sanctioned
the sale of the building to the
Station Master for Rs 100/- as
proposed by the S. D. officer.

The overseer Savanur State has
now submitted a fresh estimate
amounting to Rs 820/- (excess of
Rs 214) on the ground that the
old materials can no longer be
utilized.

The A.C. II Dn & Presd! Dh D Karajji
has forwarded the corr^e as per reso-
lution of the D. & Bd; for advice
to the Managing Committee Dh D
recommending that the M.C. Dh D
should not sanction the sale of
the Dharmashala.

for orders
I should be much obliged

if the Executive ⁽¹⁰⁵⁾ ~~Eng.~~ ^{Eng.} is
kindly advised.

If the materials of the old
Dharamsalai were only worth
Rs 66, & the building was sold
for Rs 100, it is difficult to see
where the loss comes in. The
question seems to be whether the
Savarni Sub. Officers estimate
is reasonable or proper or not.

Dharwar, 18th June 1912.

Returned with compliments.

The supplementary estimate for Rs 214/-, it is seen, allows for providing such items as doors and windows, wood-work, lintels & which was omitted from the original estimate of Rs 606/- as these were to be got from the materials available. The Rs 66/- deduction from the latter estimate does not include at all, the value of wood work available for use in the new building, this being done as such items as doors and windows were left out in that estimate for which the wood was to be used. The total value of materials available would, therefore, be very much more than Rs 66/-.

By far the best and cheapest plan would be to dismantle the existing Dharmashalla and utilise as much as possible of the materials in the construction of the new one, and if this is carefully attended to, it might be possible to construct the new building even cheaper than Rs 606/-.

Davarur. 18 July 1912

Respectfully returned:-

- 2 An estimate for constructing a Sharmshalla, costing Rs 606 near Hattinattur Rly. Station was framed & submitted for approval of the Executive Engineer, Davarur Dist^l.
- 3 A simple plan of the Sharmshalla, was designed to suit the requirements of the passengers; and during the preparation of the estimate, such materials from the old Sharmshalla as were available & ~~as~~ were likely to be utilized in the new building, were taken into consideration, & allowance made for them only, when the estimate was framed.
- 4 It has been once made clear, that Rs 66. is not the cost of the whole of the old building, but the cost of the materials only likely

likely to be used ~~in~~ ^{for} the construction of the new Dharmshala.

5 From the correspondence, it will be seen, that the Supervisor P. W. Dey of the Public Sub-tn, apparently through some mis-understanding thought that the full cost of the old Dharmshala, was Rs 66 & accordingly recommended the sale of the Dharmshala, for Rs 100 & the Board unanimously, resolved to sell the old Dharmshala, without taking any notice of the general description in the Estimate.

6 The sale of the Dharmshala was communicated to the u/s by the Siran Sarnar State, under his no 808 of 2-12-11, when the u/s was obliged to frame a new estimate, for items, omitted in the former one.

7 (1) - It has been never nowhere stated by the u/s that he is not prepared to carry out the

the work, within the estimated amount of Rs 606 using the old materials of the Dharmshalla.

(2) The original estimate has already been approved by the Executive Engineer (Dharmar Bio)

(3) It has not been stated by the Executive Engineer, that the work can be executed within Rs 606, though the Dharmshalla is sold.

(4) The u/s has not recommended the sale of the old building, not has he calculated the full cost of the building as Rs 66.

Under these circumstances, the u/s cannot understand on what particular point, he is called upon to explain; if this is kindly made clear, the

(B) the u/s will be very much
obliged & give the required
explanation.

Respectfully returned. In the original estimate a sum -
of Rs. 66-15 for carting &c. or net Rs. 51 as set down as the -
value of the materials that would be available from the old --
building. To this sum of Rs. 51/- I added Rs. 36/- which I ---
estimated would be the cost of the 18.97 Cft. of Matti wood --
also available from the old building. The whole sum -----
Rs. (51 + 36) or Rs. 87/- I took as the value of available ---
materials and as the station master offered Rs. 100/-. I had
no hesitation in recommending ~~this offer~~. It now appears -----
from the correspondence that there is a great deal of other --
material, which is also available. Out of which, no account ---
appears to have been taken in the original estimate. Through -
mis-understanding on my part which I regret very much. I -----
recommended the sale of the old Dharmashalla but I would also .
beg to point out that ^{if} ~~the~~ the estimate had been prepared in a -
clear and workmanlike manner, no such mis-understanding -----
would have arisen and this may kindly be pointed out to the --

Sir,

With reference to your no. 205^x dated 23rd ---
March 1918 forwarding Political Agent's no. s.v.n. 18 of 5th ---
March 1918 and the notes made by the President District Local
Board Dharwar, on the Savanur Hattimattur Railway station road,
I have the honour to report as follows: -

2) First question, paras 1, 2 & 3 of the President's notes.

It appears from the correspondence in my office that
the question of the Savanur Hattimattur Railway station road --
was discussed by the Karjagi and the Bankapur Taluka Local ----
Boards and the Savanur State, before its construction was under
taken at the cost of the two Boards and the State. Resolutions
for the payment of contribution were also passed by the ---
Taluka Local Boards. There is no record in my office ---
whether or not the Karjagi Taluka Board passed a resolution ---
asking the State to undertake the construction. The Karjagi T.L.

B. had then only a Maistry and not a qualified Overseer to ---
look after its works. Mr. Hardy, President of the T.L.B. Karjagi
and Mr. Turner, President of the T.L.B. Bankapur and Assistant ---

Political Agent of the Savanur State, appear to have thought, -
in the circumstances and in the interests of all parties con-
-cerned, that the construction of the road had better be entrus-
-ted to the P.W.D. of the Savanur State which consisted of a -
qualified State Overseer and an adequate subordinate establish-
-ment.

The President D.L.B.'s assumption that the Bankapur --
T.L.B. was not consulted in the matter, is not correct. As -----

x
Received
returned

Mr. Turner, the President of the T.L.B. Bankapur, authorised the --
 Divan to start the work, it is presumed that the Bankapur T.L.
 B. was aware of all the proceedings in connection with the road.

Second question:- para 4 of the notes .

The necessity of special repairs ~~in~~ in
 the way of having a ~~metalled~~ ^{metalled} road estimated to cost Rs.5000/- --
 was represented to the two Boards. The T.L.B. of Karjagi agreed
 to bear a third share of the cost but asked that it may be all-
 owed to pay its share by instalments. The T.L.B. of Bankapur, --
 too, similarly agreed to the proposal, though after a deal of ~~cor~~
 correspondence and discussion.

Para 5----

The estimate of special repairs for Rs.5000/-
 was framed by the State Overseer and was revised and checked by
 the Executive Engineer Dharwar District.

The estimate of Rs.600/- related to the expendi-
 ture on the road on account of current and special repairs --
 recurring annually. The estimate of Rs.5000/- referred to above
 related to special repairs i.e. metalling the road.

It is not understood how and why the two Boards
 were, as stated by the President D.L.B., taken by surprise when ~~the~~
 the object of the two estimates was clearly before them. In the
 year in which the special repairs were carried out, the Karjagi--
 T.L.B. paid only the first promised instalment of a third share
 of Rs.5000/-. It is not clear on what authority the President --
 says that "It did not even raise any objection to the payment
 of Rs.200/- also in the year in which special repairs worth ---
 Rs.5000/- were carried out." This amount was never claimed by the
 State.

The two T.L.Bs. were consulted, as a matter of fact,
 before incurring the special expenditure on special repairs and
 the President's statement that the Boards were ~~never~~ never --
 consulted is not supported by records. The two Boards did not --
 apparently consider it necessary to call for details of the ---
 actual expenditure and to countersign the completion certifi-
 cates in the year in which special repairs were carried out, as

they apparently knew that the estimate was reviewed and checked by the Executive Engineer and the construction was entrusted to an Overseer on the State P. D. Staff who was competent and experienced. The State would have readily supplied any details, ~~or information~~ if they were called for by the Boards. With these safe guards, the two Boards probably considered it superfluous to call for any details in subsequent years. European Officers - (Presidents and A.P. Agents) of the position of messrs Turner, -- Hardy, Gould, Shannon, and others obviously thought that the road was safe in the hands of a competent P. D. staff of the State. It is not understood what state of things the President looked to and what inquiries he made, when he remarked that it did not appear that any repairs ~~were~~ were done to the road during the last three years. His remark that, ^{an} initial mistake was made in -- having no scheme properly prepared is equally unintelligible.

~~Half~~ the cost of repairs done to the Pala Badami ^{road} ~~road~~ --- running through the State limits belonging to the District Local Board is paid by the State without making any inquiry as to the details of the actual expenditure and without countersigning the completion certificates. A copy of the letter from the Executive Engineer Dharwar District addressed to the Chairman D.L.B. is usually forwarded by him to the Divan with a --- request to pay a moiety of the cost shown in the Executive Engineer's letter and the amount is remitted without a demur and without calling for any details. On the same analogy, the T.L.Bs. probably ~~thought~~ ^{purpose} thought that no useful ^{purpose} was served by calling -- for any details. Institutions of a public nature can never get on without mutual co-operation and, what is more important, --- without mutual trust.

Para 6-----

The President's remark that the road was constructed simply for the convenience of the Savanur people strikes one as strange. It may, however, be noted here that Presidents of T.L.Bs. held different views. They were unanimous in -- thinking that the road was as useful to the villages of the --- Bankapur Taluka as it was to the villages of Karjagi Taluka and

the people of Savanur. Mr. Gould goes a step further and says that the road is more useful to the villages of the Bankapur -- Taluka and Savanur people than to the Karjagi people, and says ~~x~~ in support of his argument that there is only one village in ~~the~~ the Karjagi Taluka which is on or near the road.

The Fala Badami road crosses the Savanur State and is - more useful to the Bankapur Taluka people than to the Savanur ~~x~~ people. But that is not considered an argument for the State to withdraw its contribution. It has been paying half the cost of - repairs to the road for a series of years. The then Presidents ~~x~~ of the T.L. Boards do not appear to have thought that an expendi- -ture of Rs. 1700/- (on special repairs to the road) by each of ~~the~~ the T.L. Boards and the Savanur State, was out of keeping with -- the exigencies of the case. The traffic on the road had immense- -ly increased and a Murum road ^{was} found not to meet the require- -ments and ~~inconvenience~~ of the public. The road to the Yalvigi- Station was and is still dangerous. Robberies and murders have - occurred on the road. The Government mail ~~was robbed once or twice~~ ~~was~~ was robbed once or twice. The Presidents of T.L. Boards, - therefore, thought that the Savanur Hattimattur road was necess- -ary in the interests of public convenience and safety.

Para 7.-----

It would have been very instructive if - the President had given the reasons ~~in~~ which he bases his re- -marks. There is no record, at any rate, in this office to show - that the two Boards bound themselves (1) not to call for ~~any~~ accounts, not to look to the expenditure and not to sign com- -pletion certificates whenever money was spent on the road and - (2) to continue to credit Rs. 200/- every year, though the State ~~x~~ should or should not spend that money on any repairs, according to its pleasure. The State authorities, it must be admitted in- -fairness, never asked the Boards to continue to pay money, though no repairs were executed in any year and not to call for any ac- -counts or other details they required.

Para 8.---

It was for the Taluka or District Local --

Boards to have looked into the technical objection, if there was any, for the payment of contribution to the State without Government sanction. The then Presidents of the Boards appear to have considered that it was not worth while troubling Government in a small matter like this.

Para 9.---

There are fine road side trees ~~some~~ on the part of the road lying in the limits of the ~~State~~ State, which are a source of comfort to the travellers. The question of planting trees on the remaining portion of the road was proposed by the State and accepted by the Karjagi Board in their laudable desire to supplement the comforts and convenience of travellers. It may be noted here that the State came forward to contribute money for this purpose in view entirely of public convenience and public interests, though the road lay in the limits of the *Karajagi* T.L.B.

Para 10.---

If the D.L.B. is willing to take up the ----- whole of the road and to keep in a state of repairs, from time to time, the State would be quite willing to pay a third share of the total cost but if that is not possible, the State would repair and maintain the road in its limits at its own cost.

Para 11.---

The statements, estimates and completion certificates required are hereto appended. The second clause of the para has already been replied to.

Para 12.---

A statement giving the information required in the last portion of the para is also enclosed. It will give an idea of the total expenditure on the road, the amounts paid by the Bankapur and Karjagi T.L.Bs. and the balances still due by them.

para 13.---

It is not intelligible what the object is in asking the State to pay Rs. 200/- a year, in perpetuity, to the D.L.B. It is hoped that, it is not intended that the payment is to be made, in perpetuity, though repairs are or are not carried

out by the Board in any year. The payment of a third share of ~~the~~ the total cost, whatever it may be and whenever it may be incurred, would be quite reasonable.

3) It is desirable that the question of repairing the Savanur ~~Rx~~ Hattimattur Railway Station road may be settled at an early ~~date~~ date, as on that question will depend the payment of the State - contribution to the Paln Badami road. No useful purpose ~~is~~ ~~is~~ is served, I humbly think, in raking up matters which are no less than 8 years old and which were disposed of under instructions from Presidents of T.L. Boards and A.T. Agents.

4) I regret the delay occasioned in replying to the reference. The Overseer who is a new arrival and who is new to his work, -- could not supply the information required at an earlier date ~~and~~ and the accounts of the two offices had to be tallied.

I have the honour to be,

sir,

Your most obedient servant,

Dharwar, 28th Novr. 18.

Sir,

Subject Savanur Kahi matter Road

In regard to the correspondence pending since long regarding the payment of contribution by the Taluka Local Boards of Karajgi and Bankapur, vide your No. 643 of 4.8.18 I have the honour to accept the statement of accounts furnished by your Divanshheb.

2. In his letter No. 404 of 20.8.18¹⁹¹⁷ the Divansaheb had shown the dues from Bankapur T.L. Board as Rs. 1322-3-5 till the end pf 1916-17 to which was to be added the proportionate share of expenditure falling to that Taluka for 1917-18 namely Rs. 147-3-2 making a total of 1471-6-7, total dues to the end of 1917-18. Now from the statement of accounts above referred to the total dues are shown to be Rs. 3663-8-2 i.e. -one third share of the total expenditure on the road from 1910-11 down to 1917-18 viz Rs. 10,990-8-5.

Against a total claim of Rs. 3663-8-2 on the Bankapur T.L. Board an amount of Rs. 2612-12-0 has been paid in by it till now and the balance due is Rs. 1050-12-2.

Again the Savanur State owes to the District Local Board Rs. 1533-13-8 in all on account of half the cost of repairs ^{to the} Pala Badami Road for the 3 years as noted in the margin vide correspondence

1915-16. Rs. 489-15-8.	} ending with your No. 660 of 3.8.18.
1916-17. " 559-1-6.	
1917-18. " 484-12-6.	
<u>1533-13-8</u>	

Deducting therefore the dues on account of Bankapur T.L. Board Rs. 483-1-6 (Rs. 1533-13-8 minus 1050-12-2 equal to please 483-1-6) may be credited to the D.L. Board at your early convenience.

Now that the T.L. Board ^{has} paid every pie of its share, I have the honour to request that you will please see your

way of paying some decent contribution towards the dispensary building at Shiggaon now under construction, as promised in your letter No. 261 of 28-7-18 1914. As a matter of fact, the subjects of your State have been going to this Dispensary which was also one of the conditions under which you promised to pay contribution - vide your letter No. 103 of 5.5.15.

The T.L. Board will also be pleased to see that they also get some thing for their institution from the State in exchange ~~of~~ ^{for} what they paid till now for the construction, special repairs and upkeep of the road under reference, though not a cubit of it passes in the limit of their Taluka.

I am asking the T.L.B. Karajgi to pay off their balance namely Rs. 1134-9-11 as nothing requires to be settled in their case.

Hereafter the road within the T.L.B. limits of Karajgi Taluka will be repaired by that Board and the State may look to the portion lying in its limits. Accordingly the necessary repairs to it for 1918-19 are being done by the Karajgi T.L.B.

I have the honour to be,

S i r,

In continuation of this office No 867 of 18-7-1919, I have the honour to state that I credited Rs235-13-11 in the Huzur Treasury and the Cash Order No 7³²²₁₆₇ of 21-7-19 obtained in the name of your Divan is herewith enclosed. In the same Cash Order an amount of Rs173-7-0 being the amount to be re-funded to the State on account of the Hattimattur Dharmashala is included. Kindly vide correspondence ending with this office No 582 of 21-6-1919 to the address of your Divan.

As regards the particulars how the sum of Rs235-13-11 has been arrived at, I have the honour to again give them as below:--

Dues to the State on account
of Savanur Hattimattur road -
by the Taluka Local Board.

Bankapur. Year. Karajgi.

(1910-11)
3663-8-2 to 3663-8-2.
(1917-18)

Deduct amounts credited
from time to time.

(1910-11)
to

2057-12-01915-17 3083-14-3

1605-12-2

579-9-11=2185-6-1.

Dues by the State to
the District Local -
Board on account of
Pala Badami road.

Year.	Amount.

1917-18....	484-12-6
1918-19....	415-10-6

1949-8-2

So against a total amount of Rs2185-6-1 due to the State a sum of Rs1949-8-2 due by the State is set off and a Cash --- Order for the balance namely 235-13-11 is sent.

This clears up the account. Kindly acknowledge receipt of the Cash Order at your early convenience.

From

Rao Bahadur S.K.Rodda,

President District Local Board,

To

The Divan of Savanur.

Dharwar, 27 September 1919.

Sir,

Your No 979 of 1-9-1919.

I have the honour to state that the amount of ----

Rs173-7-0 was calculated on the understanding that the ----

Hattimattur Dharmashala would continue to be repaired jointly

the Taluka Local Board Karajgi and the Savanur State. But since

it has been decided that the Taluka Local Board alone should

look after it by refunding to the State all the money contri-

buted by it towards the Dharmashala. The Taluka Local Board

will have to pay a further sum of Rs164-9-0 in addition to --

Rs173-7-0 already paid.

The following amounts were spent by the Taluka Local Board
and the State on the Dharmashala:-

By T.L.Board. By the State. Total.

1 Cost of land acquired for the purpose.....	20-2-0	0 - 0 - 0	20-2-0
2 Cost of old materials by the T.L.B. to the State for building the Dharmashala.....	214-0-0	0 - 0 - 0	214-0-0
3. Amount of estimate Rs606 originally prepared by the State Overseer.....	303-0-0	303-0-0	606-0-0
4. Do Revised Rs145....	72-8-0	72-8-0	145-0-0
	609-10-0	375-8-0	985-2-0

But out of the amount of Rs751 (original 606 and revised estimate Rs145) only Rs716 are reported to have been ^{spent} leaving a saving of Rs35 with the State half of which belong to the Taluka Local Board.

If from Rs375-8-0 total amount contributed by the State, Rs190-15-0 (17-8-0 saving plus 173-7-0 now paid) be deducted there still remain Rs164-9-0 due to the State. I am now asking the T.L.B. to remit the amount to you which you will receive

shortly.

Sir,

Correspondence ending with my No 1511 of 27-9-19.

I have the honour to enquire whether the amount of Rs 164-9-0 due to the State has been remitted. If not it may please be done now.

2. Attention is invited to the details of expenditure given in the letter under reference and the Divansahab says that Rs 72-8-0 were ~~xx~~ never paid by the Taluka Local Board. The fact may please be verified by reference to the Day Books of the year from 1914-15, 1915-16 and 1916-17 as in para 3 of letter No 62 of 5-10-1914 of the Vice-President T.L.B. Karajgi, he promised to credit the amount in April 1915. If that has not been paid in, provision to that extent shall have to be made again and paid to the State.

An early reply is requested.

Statement of Phakirappa Basappa. -----

Order under Land Acquisition Act.

The land to be acquired is 7 gunthas out of Survey Number 93 of Jallapur. The total area is 17 acres 36 gunthas assessed at Rs. 27-4-. The proportionate assessment on 7 gunthas is 4 annas. The Panch estimate is Rs. 100 per acre which appears to me to be quite liberal. Taking this estimate, the price of 7 gunthas works out at 17-8-0 compensation, at 15 per cent on this sum is Rs. 2-10-0. Total Rs. 20-2-0.

The owner asks for land in exchange but as the piece to be acquired is so small it does not seem necessary to consider his request. If he is really anxious to have land

land in exchange he can easily negotiate privately.

The owner is Phakirappa Basappa Shirbadigi and
I hereby order that Rs. 17-8-0 plus As. 2-10-0
as compensation at 15 % , in all As. 20-2-0 be
awarded to him.

claimed as a 2nd instalment, in
the matter of Kariji Taluka
Local Board's Contribution for
the Mattimattur Ry. Station Saver
Road, so that I may be able to
issue necessary cheque in payment
of the amount referred to by the
Diwansahab in his letter.

² As regards the fact of
the arrears I would state that
when provision was made in
the Taluka Local Board's Budget
the Board had not been given
exact figure of the amount the
T.L.B. was responsible to pay
to the state. It seems to me that
there was then no estimate ready
for the work which the state pro-
posed to undertake.

~~It was perhaps after the~~
T.L.B. had reported its willingness
to bear $\frac{1}{3}$ of the cost (by way of
three instalments) that the estimate
was got prepared. Hence there is
the difference in the amounts of
the Budget provision and the
portion of the actual cost now
claimed.

3 I would request the
Dewan Sahib to ~~forwarded with compliance to the Division of~~
for the difference inclusive of
the past year's arrears and I will
take steps to have the money re-
appropriated and paid in the due
manner.

1005 - 1st June 1915. Haldipur 26 March 1915.

From, E. L. Moysey Esquire, C.S.

Assistant Collector & President

Board Shiggaon.

The Collector of Chikmagalur.

With reference to your No. 7/213 dated

the 17th ultimo, I have the honour to submit

Copies of 15 resolutions passed by the Bankapur

Local Board on the subject of

contributions to the construction and upkeep

of the Bankapur Hatting station.

Up to the present, the Board has paid the

following sums:-

1. Rs. 833-5-4 on 19-12-1910 apparently as a

contribution of $\frac{1}{3}$ of the cost of construction.

2. Rs. 200/- on 3-7-1912 towards the cost of

3. Rs. 200/- on 30-8-1913. Maintenance.

The Board has thus paid Rs. 1233-5-4. For

work outside its jurisdiction without obtaining

the sanction of Government.

4 The records have been searched but no resolution
can be found undertaking to pay Rs - 200/- a
year in perpetuity towards the maintenance of
the road. I understood from the Board's resolution
passed on 6-12-1913 referred to in your no. 4513 of
the 13th June 1914, that this was the case, but
apparently was wrong. The Board has
not undertaken any liability except the
provision of Rs 1500/- in 5 annual instalments
towards the cost of metalling the road. The re-
solution of 29-12-1911 makes it clear that it
was at the President's special request that
the Board provided Rs 200/- in the next year
towards the maintenance of the road and this
contribution has continued ever since. In spite
of a resolution passed on 3-2-1912 at a meeting
held under the Chairmanship of the President
discontinue the payment of the contribution
on the ground that the road was of no use to
the Taluka and a similar resolution passed
on 1-10-1912. Why these two resolutions were
not kept is not clear, but it seems that

Rs. 200/- for ordinary ~~resolutions~~ maintenance were
provided by the resolution passed on 17-4-1913 in
order to evade the call to pay Rs. 1500/- towards the
cost of metalling the road. I regret that I
~~cannot~~ throw any further light on the
resolutions, some of the letters referred to there
in not being forth coming in the Board's office but
it is abundantly clear as I have already pointed
out, that the Board has always been strongly
opposed to the grant of any money for the
construction or the maintenance of this road
and has been forced by official pressure to
contribute what it has done.

5 I do not agree with the Board that the
road is useless to the inhabitants of the
Shinggaon Taluka but it is obviously of far
greater utility to the people of the town of
Davanagere than to anyone else and the
proposal to construct it appears to have
originated there. It is admitted that

Rs. 200/- for ordinary ~~resolutions~~ maintenance were
provided by the resolution passed on 17-4-1913 in
order to evade the call to pay Rs. 1500/- towards the
cost of metalling the road. I regret that I
cannot throw any further light on the
resolutions, some of the letters referred to there
in not being forth coming in the Board's office but
it is abundantly clear as I have already pointed
out, that the Board has always been strongly
opposed to the grant of any money for the
construction or the maintenance of this road
and has been forced by official pressure to
contribute what it has done.

5 I do not agree with the Board that the
road is useless to the inhabitants of the
Shinggaon Taluka but it is obviously of far
greater utility to the people of the town of
Davanur than to anyone else and the
proposal to construct it appears to have
originated there. It is admitted that

to be called on to pay any part of the cost
of maintaining the road. The Assistant
Collector, II Division has estimated the cost
of acquiring the land for this road, apparently
in the Haveri Taluka which has not yet
been done, at Rs 350/- and has asked the Dewan
to provide this sum and to recover their shares
from the ^{Haveri} Shiggaon Taluka Local Boards. The
Share of the Shiggaon Taluka Local Board will
be Rs 116-10-8. What the cost of metalling the
road has been is not known and may kindly
be ascertained. The Board agreed in its latest
resolution of 29-8-1914 to pay Rs 1500/- towards
this in 5 equal instalments and from this
amount or whatever $\frac{1}{3}^{rd}$ of the cost of
metalling the road may be, should I think
be deducted the sum of Rs 400/- which the
Board has already paid for maintenance. I
have consulted the members of the Board and can
say that they are prepared to sanction
the payment of Rs 1216-10-8 in instalments.

resolved that the Board ~~not~~ called on to pay
anything towards the cost of ordinary or
special repairs in future. II, 1915

Political Agent, D h a r w a r.

To,

The Nawab of Savanur.

Subject :- Contribution for the upkeep of
Pala-Badami Road - Savanur State.

Reference :- Your No. 367 dated 20-4-1918.

My friend,

I have the honour to state that the President D.L.B. informs me that copies of Executive Engineer's certificates showing what amounts have been spent on the Pala-Badami Road within Savanur State limits have already been submitted along with the bills for the cost of repairs preferred in accordance with the arrangement concluded in 1894. If you desire details of the actual expenditure they will be obtained from the Executive Engineer in whose charge the road is on behalf of the District Board. Arrears are due for 1915-16, 1916-17, and 1917-18 and in his letter No. 151 of 28th March 1917 the Divan informed the Chairman, District Local Board that the State's moiety for 1915-16 would be paid during the next year so that apparently the Executive Engineer's certificate for 1915-16 has been accepted. As regards the Savanur Hattimattu road the President informs me that the matter is pending as the Divan has not yet furnished the information as instructed by you.

RGS.

Yours sincerely,

Sd/. E.G. Turner.
